> Liberty Rollator

The new Liberty6 and Liberty8 rollators are specifically designed to give you additional stability and comfort while walking. If you have fatigue or strength issues and want a stylish walking aid, the ability to sit anywhere anytime, or just a smoother ride than a Liberty rollator from Invacare is for you.

There are two models available, Liberty6 and Liberty8, the numbers refer to the size of the four wheels, 6" or 8" diameter.

6" Advantage

The advantage of the 6" wheel model is that the overall height is less and the total weight is 0.5kg less. If weight is an issue and you intend to mainly use the rollator indoors or around a shopping centre the Liberty6 is the answer.

8" Advantage

The advantage of the Liberty 8" is that the larger wheels make it easier to manoeuvre and push over rougher surfaces. If you intend to take the rollator along streets and through parks the Liberty8 is a better solution.

Quick and easy fold

Both the Liberty rollators fold quickly and easily into a compact unit for storage or transportation.

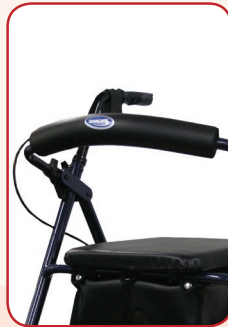

Standard Features

Lightweight but durable aluminium frame.

Height adjustable hand grips.

Folding padded backrest tube.

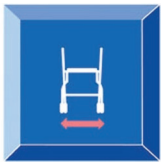

Easy to push loop brakes are ideal for slowdown and permanent stop.

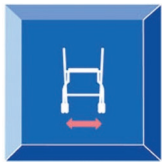

Vinyl pouch comes standard, is great for carrying items, and unlike metal baskets do not rattle.
